

## SPOT LIGHT ON HILLS AND DALES - HIGHCO PRODUCTION 3 & 4

The two areas of Highco that are considered a part-time vocational training area and a life skills area are designated as Production 3 and 4. The twenty-one individuals who attend this all live in the Rescare homes here in Hillsboro. They all have their own distinct personalities.

A day in Production 3 and 4 is made up of hands on work skills training, communication skills, mobility skills, socialization skills, and a whole lot of fun with leisure activities. Other services are also included during the day. Production 3 and 4 must meet all Medicaid standards and are audited yearly by a surveyor from the Federal Government.

In this area you will find hand painted ceiling tiles and a mural painted by Mr. Keith of Blanchester, Ohio. This area is full pf color and other sensory stimulation to enable the individuals to enjoy the beauty of our world within the vocational setting.

Please come out and pay us a visit. You will be welcomed by a smile and probably a surprise from the employees of Highco who work in Production 3 and 4. Jordan Freeze, Karen Hopkins, Amelia Zarate, Cheryl Hopkins, and Linda Sheppard-Braley will be glad to show you around and answer your questions. They all have worked in the field of developmental disabilities from 5 - 30 years.
